## Dear Parks, Recreation & Cultural Services patrons,

If you've already begun to leaf through this Activity Guide, you may have already noticed some changes from previous versions.

In the activity section, we're classifying activities in the categories of Arts, Culinary, Dance & Fitness, Music, Specialty Classes and Sports. We hope it will make navigating the guide a bit easier.

Another change we're pleased about is a new section that introduces instructors to the community. We plan to have new instructors/coaches highlighted with each guide. This feature will help you learn more about instructors' qualifications and experiences, and see why they're so excited to share their knowledge with the community.

Sometimes less is more. We're reducing some of our word-heavy program descriptions and focused more on providing program highlights. If you're interested in the details, we have the contact information you need to make a decision without making the guide difficult to read.

Finally, we're hoping to bring other stories of interest in the front section. In this guide, you can read about Lodi's newest park, Roget Park, on Tienda Drive, which will open to the public this winter. With exercise equipment, horseshoe pit and bocce courts, I call it Lodi's adult playground.

I hope you'll enjoy these changes and would welcome any comments you have about the Activity Guide.

Sincerely,

Jeff Hood

Interim Director

# Unique Park Amenities featured at Roget Park Opening Spring 2013!

The latest addition to the City of Lodi Parks Department, Roget Park, will feature many amenities that will be appealing for adults. Roget Park will offer two decomposed granite bocce courts, two horseshoe pits, six concrete game tables for checkers, chess or backgammon and the tables could also be used for picnic use. We hope to see community members organizing pick-up games, creating clubs, and pondering moves to make next during their chess games.

Adults and children alike can try circuit training at the new exercise stations that will make a loop around the park. Five low impact par-course stations will be placed along the walkway. It will be a great way to stay in shape and get some fresh air.

The design of the park incorporated more than 40 existing oak trees that residents can continue to appreciate the beauty and shade of these mature trees. In addition to the native oaks, there are also more than 500 native California plants that will thrive in our weather conditions of hot summers and mild winters. If you're looking for some green space, 1 acre of the 4.5 acre park will be grass turf which is large enough for children to play games and kick the ball around. Other amenities will include benches, park lighting and trash receptacles.

Roget Park is located on Tienda Drive off Kettleman Lane. It is expected to open to the community in the spring of 2013, weather permitting.

## Handball Tournament in Lodi

In September, the City of Lodi hosted its first Handball Tournament at Tokay High School. The tournament was a big hit with the nearly 20 participants. Champions were crowned in singles and doubles. The U.S. Handball Association provided equipment and sent its Youth Development Director from Newport Beach to lead the tournament, and the event was covered by the local press.

Lodi Crimestoppers provided funding for t-shirts for the participants and the Mexican-American Lions Club provided refreshments. The City of Lodi hopes to have more handball events in the future. Local handball courts can be found at Hale and Hutchins Street Square West Park.

## Volunteers Supporting Youth Sports B.O.B.S. serving lodi since 1960

Twenty-one volunteers make-up Lodi's non-profit organization board, the Boosters of Boys/Girls Sports (B.O.B.S.). The entire volunteer organization focuses on providing quality sports programming and scholarships for youth sports in Lodi.

Their efforts are responsible for paying game referees, purchasing sports equipment for teams-which includes football pads, game balls and practice equipment-as well as coordinating teams assignments. Each board member donates approximately 15 to 20 hours each week to the organization, whether they are attending sporting functions, planning meetings, or handling other behind the scenes office work.

One of the B.O.B.S. goals is the desire to give back to the community and do so by offering scholarships to boys and girls to participate in youth sports. Scholarships are awarded on a financial need basis and help pay for registration, other fees and sometimes sports equipment. Children have been awarded scholarships for all the youth sports programs through the City of Lodi's Park, Recreation and Cultural Services Department. In 2011, the group even funded cheerleaders.

B.O.B.S. President, Eddie Long, oversees the organization, serves as a liaison to the City of Lodi, and is working on their upcoming fundraisers. Their last fundraiser, selling cheeseburgers at the Parrotheads concert at Hutchins Street Square in late September, earned the organization \$1,200 for the two-hour concert.

Their next fundraiser in January is their 7TH Annual Crab Feed. In past years, the event has garnered more than 500 attendees. This year the B.O.B.S. are hoping for an even larger turnout because they will be featuring the band Big Booty Bob. Also, new this year, is a special \$5 ticket from 9 p.m. to midnight to enjoy the music and dance (see below for event details).

For more information about the B.O.B.S. and scholarships, visit [www.lodibobs.org](http://www.lodibobs.org), or call the Recreation Division office at (209) 333-6742.

Through partnerships with local businesses and nonprofit organizations, the Parks, Recreation and Cultural Services Department is able to augment funds for repairs and improvements to local parks, sports fields, Hutchins Street Square and the Hutchins pool, just to name a few. Citizen donations have helped the Department offset the cost of repairs due to a copper theft, a recent Lodi-Tokay Rotary event raised money to refurbish the Grape Bowl Field House, and Tree Lodi has donated hundreds of trees to DeBenedetti Park.

The generosity of Lodi citizens and nonprofits such as Rotary, Lions, Kiwanis, Tree Lodi, the Hutchins Street Square Foundation, the B.O.B.S. and others make projects realized in a timely manner when funds otherwise aren't available.

Citizens may contribute their time, energy and financially to these partner nonprofits, or donate directly to the Parks, Recreation and Cultural Services Department. We are committed to using these donations in a wise, cost-effective manner. For additional information please call 209-333-6742.

Hutchins Street Square is proud to offer classes and programs from unique and talented instructors. This column is an ongoing series to highlight these talents. Please look at future issues to see additional instructors and coaches profiled.

focuses on sensory training and advocates considering the approach to food of a professional taster. During her class, she motivates to retrain the senses. She inspires students to look for quality rather than quantity, take the time to enjoy food in terms of pleasure and consider the enogastronomic experience as an overall leisure activity to be shared with friends and family. Orietta holds a diploma of Sommelier from the Associazione Italiana Sommeliers, she is a member of the UC Davis Olive Oil Tasting Panel and she is the Sacramento Delegate for the Italian Academy of Cuisine. She created, produced, and hosted several TV shows in Italy and America. Orietta is working on her fourth book and she regularly leads food and wine tours in Italy.

## Art

## Introduction to Art Silver Clay

In this workshop the student will learn all about Art Silver Clay and how it can be used to create beautiful jewelry in hours rather than days. No jewelry making experience is necessary. Each workshop will feature different projects. Art Silver Clay is exactly as the name describes, it is clay that is 99.9% fine silver with the addition of a nontoxic binder and water. Because it is clay, it can be molded, rolled, shaped, carved, stamped, draped and adorned with other elements to create beautiful jewelry. Once the clay is formed, it is fired in a kiln or with a butane torch. The binder and water burn away and the student is left with a beautiful piece of fine silver jewelry. The instructor will discuss the Art Clay medium; demonstrate techniques and help students create two pieces of jewelry. All necessary tools are provided. Each student will walk away from class with two finished pieces of jewelry. The supply fee is payable to instructor at the class meeting and includes art clay silver and all necessary tools. (See Miquela's profile on page 6).

This class is perfect for adults who have never had ballet classes or for those who would like to begin again after an absence of years. Ballet exercises and steps will be chosen to enhance the fitness and coordination of the adult dancer, while stressful steps and positions will be avoided. Adults who enroll in this class will, hopefully, see an improvement in muscle tone, increase their range of motion and develop an appreciation for ballet. We will cover basic ballet technique including barre and center exercises that encourage stretching, strengthening and tone, along with an introduction to ballet terminology.

### Ballroom Dance

The Sady's have been teaching at Hutchins Street Square since 1999, specializing in social ballroom dancing, dances that fit on a crowded dance floor. They don't have their dancers memorize choreographed routines, but teach American style steps and techniques that are universal wherever ballroom dancers gather, are easy to remember and fit into any dance setting. It takes most people several sessions to master Level One basics for the five dances. For those that do, we have Level Two classes, expanding on the step patterns for a well rounded ballroom dance education. The exercise is good and not overly strenuous. If you have been on the sidelines, admiring others enjoy moving to the music with style and grace, why not join them? It's fun! Fee is per couple.

**Lodi Promenaders – Square Dancing**

Square dancing is four couples forming a square and dancing as a group. It is a physical activity, good for the mind, body and soul. It is smoke and alcohol free for a healthy environment. The calls coordinate the body and brain-physical fitness burns calories-slows and helps prevent loss of bone mass-and the social aspects of interacting in a square encourages many friendships. Joe Vallery has over 40 year experience directing dance patterns for square dancing. He also has the experience for cueing round dancing, which is a ballroom type dance as everyone dances the same steps to the cues given to the rhythm of the music.

Recommended for ages 10 years and up. Partners not required.

## CHILDREN'S SHOW CHOIR

The choir is a fun environment where they will learn to perform songs as a group, learning harmonies and choir techniques in a Broadway musical style. They have the opportunity to interact with kids their age and learn how to sing in a group. If a child likes shows like Glee or even High School Musical they would love this class. Once songs are learned then students will perform them with choreography and movements. The choir will be one hour a week and will have enough spots for more than 32 students in each class. **A 10% discount is offered for semester pre-paid in full. There is a \$5 class fee for supplies.** (See Kerri's profile on page 6).

### Writing to Heal

Trauma is a certainty of life; healing isn't. However, there are a number of ways a person suffering from pain or loss can regain control and develop a purposeful, passionate life again. There is a great deal of evidence that writing can hasten the healing process. This course offers guidance in implementing a writing program for the express purpose of rediscovering hope, health, and joy. Whether the loss is one of illness, divorce, death of a loved one, or another traumatic experience, the techniques taught here will help you to move beyond judgment, and learn to live fully each day. The class is open to caregivers as well as those suffering trauma.
